INTRODUCTORY NOTE.

This Food Supply Manual is a revised edition of the Food Control Manual, dated April 30th last, and contains all the Orders of the Food Controller and those of other Departments ancillary thereto which are now (July 31st, 1918), or are about to be, in force.

It also contains the Powers of the Controller, viz., the Act of 1916 which established the Ministry of Food, and the Defence of the Realm Regulations which confer powers on the Food Controller.

The Manual further contains a Classified Index of all the "Food Supply" Orders in force, and in addition a Chronological Table of all the Food Controller's Orders which have been made since the establishment of the Ministry, showing which of them have been revoked or amended and which Orders have now expired.

The Manual is divided into three Parts, viz., Part I, which comprises the Constitution and Powers of the Ministry of Food.

Part II, which consists of the Orders as to Maintenance of Food Supply, *i.e.*, Orders (i) Requisitioning various Articles of Food, (ii) Fixing Maximum Prices, (iii) Rationing and Local Distribution, (iv) Restricting Use, Manufacture, Dealings and Movement, (v) Licensing and Registration of Dealers, &c., &c.

Part III, which contains the Orders as to the Constitution, &c., of Food Control Committees; as to the Enforcement of Orders; and as to Prosecutions.

Contraventions of the Food Controller's Orders are, in the majority of cases, declared either by Order of the Controller or by the Defence of the Realm Regulations to be "summary offences" against those Regulations. The maximum sentence for such a "summary offence" may be six months with or without hard labour, and a fine of £100, and forfeiture of any goods in respect of which the offence was committed. The Defence of the Realm (Food Profits) Act, 1918 (8 & 9 Geo. 5, c. 9), printed at page 653, provides for an additional penalty of double the excess profits obtained by overcharging for food.

It has not been considered necessary to publish in this Manual a revision of the Outline of the Constitution and Powers of the Food Ministry and of the Food Control Committees, which was included in the Introduction to the Food Control Manual, dated April 30th last. A reference to this last mentioned Manual, and to the Chronological Table contained in the present one, will probably furnish any necessary information.

The Manual is printed "Under the Authority of H.M. Stationery Office," and accordingly the Orders printed therein may be produced as *prima facie* evidence of the making of the Orders.

PART I.

CONSTITUTION AND POWERS OF THE MINISTRY OF FOOD.

- | | |
|--|---|
| 1. <i>New Ministries and Secretaries Act, 1916, so far as relates to Ministry of Food, p. 1.</i> | 2. <i>Powers of Food Controller under Defence of the Realm Regulations, p. 5.</i> |
|--|---|

1. The New Ministries and Secretaries Act, 1916 (6 & 7 Geo. 5. c. 68) so far as it relates to the Ministry of Food.

An Act for establishing certain new Ministries and for the appointment of additional Secretaries or Under Secretaries in certain Government Departments; and for purposes incidental thereto. [22nd December 1916.]

Be it enacted by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows :

1, 2. [These sections relate solely to the Ministry of Labour, and are therefore omitted from this Manual.]

MINISTRY OF FOOD.

3. For the purpose of economising and maintaining the food supply of the country during the present war, it shall be lawful for His Majesty to appoint a Minister of Food under the title of Food Controller, who shall hold office during His Majesty's pleasure. Establishment of Ministry of Food.

4. It shall be the duty of the Food Controller to regulate the supply and consumption of food in such manner as he thinks best for maintaining a proper supply of food, and to take such steps as he thinks best for encouraging the production of food, and for those purposes he shall have such powers or duties of any Government department or authority, whether conferred by statute or otherwise, as His Majesty may, by Order in Council, transfer to him, or authorise him to exercise or perform concurrently with, Powers and duties of Food Controller.

5 & 6 Geo. 5.
c. 8.

or in consultation with, the Government department or authority concerned, (a) and also such further powers as may be conferred on him by regulations under the Defence of the Realm Consolidation Act, 1914, and regulations may be made under that Act accordingly. (b)

5-9.—[*These sections relate solely to the Ministry of Shipping and the Air Board, and to the suspension of the limit on number of Parliamentary Under Secretaries of State and of Secretaries of Ministry of Munitions, etc., and are therefore omitted from this Manual.*]

GENERAL.

Officers, remuneration, and expenses.

10.—(1) Any Minister appointed under this Act may appoint such secretaries, officers and servants as the Minister may determine.

(2) There shall be paid out of moneys provided by Parliament to any Minister appointed under this Act an annual salary not exceeding two thousand pounds, and to the secretaries, officers and servants of each of the Ministers established under this Act, such salaries or remuneration as the Treasury may from time to time determine.

(3) The expenses of each of the Ministers established under this Act, to such an amount as may be sanctioned by the Treasury, shall be paid out of moneys provided by Parliament.

Seal, style, and acts of Minister.

11.—(1) Each Minister appointed under this Act may adopt an official seal and describe himself generally by the style and title in the case of the Minister of Food, of Food Controller ; and the seal of the Minister shall be officially and judicially noticed, and shall be authenticated by the signature of the Minister or of a secretary or some person authorised by the Minister to act in that behalf.

(a) TRANSFERRED AND CONCURRENT POWERS OF FOOD CONTROLLER.—Under this provision two (and only two) Orders in Council have been made, viz. :—

(1) "The Food Controller (Concurrent Powers) Order, 1917" (St. R. & O., 1917, No. 124), which amended s. 1 (2) of the Defence of the Realm (Amdt.) (No. 2) Act, 1915 (relating to interference with contracts) by giving the Food Controller concurrent powers thereunder. That sub-section as thus and otherwise amended is printed in the form it now appears to assume in Part XI. ("Relief from Liability under Contracts affected by Departments' Requirements or Restrictions") of the "Food (Supply and Production) Manual," p. 443.

(2) "The Food Controller (Transfer of Powers) Order, 1917" (St. R. & O., 1917, No. 287), transferring to the Controller certain powers of the Board of Trade as to Certificates authorising Brewing for Military Canteens. That Order amends the Output of Beer Restriction Acts which as thus amended are printed in the Consolidated Form which they appear to assume as Appendix V. to the "Food (Supply and Production) Manual," p. 470.

(b) POWERS OF FOOD CONTROLLER UNDER DEFENCE OF THE REALM REGULATIONS.—Such of these Regulations as confer express powers on the Controller are printed pp. 5-16 of this Manual.

(2) Every document purporting to be an order or other instrument issued by a Minister appointed under this Act, and to be sealed with the seal of the Minister authenticated in manner provided by this section, or to be signed by the secretary or any person authorised as aforesaid, shall be received in evidence and be deemed to be such order or instrument without further proof, unless the contrary is shown.

(3) A certificate signed by a Minister appointed under this Act, that any order or other instrument purporting to be made or issued by him is so made or issued, shall be conclusive evidence of the fact so certified.

(4) The Documentary Evidence Act, 1868, as amended by the Documentary Evidence Act, 1882,^(a) shall apply to a Minister appointed under this Act in like manner as if that Minister were mentioned in the first column to the Schedule of the first-mentioned Act, or as if that Minister or a Secretary of the Ministry, or any person authorised by the Minister to act on his behalf, were mentioned in the second column of that Schedule, and as if the regulations referred to in those Acts included any document issued by the Minister.

31 & 32 Vict.
c. 37.
45 & 46 Vict.
c. 9.

(5) Where in connection with the undertaking of any duties or powers by a Minister appointed under this Act, it appears to the Minister and the department or authority concerned, that in any notice, order, contract, or other document, the name of the Minister should be substituted for the name of any department or authority, or that the name of any officer of the Ministry should be substituted for the name of any officer of any such department or authority, the Minister may order that the substitution shall take effect, subject to any limitations contained in the order, and, where such an order is made, the notice, order, contract, or document, shall have effect in accordance with the order.

(a) DOCUMENTARY EVIDENCE ACTS.—These Acts as amended and applied by various Acts provide three alternative modes of proving (*inter alia*) Orders of the Food Controller. Those modes are the production of (1) a copy of the Gazette, (2) an officially printed copy of the Order or (3) a certified copy or extract.

One of the objects of the Rules Publication Act, 1893, was to avoid unnecessary gazetting (*see* s. 3 (3) thereof), and accordingly none of the Orders of the Food Controller have been published in the London Gazette, but have all been officially printed as "Statutory Rules and Orders."

This Manual comprises officially printed copies of all the Orders of the Food Controller in force (July 31, 1918), and any such Order may accordingly be proved by the production of **this Manual**, or of a separate Statutory Rule and Order copy of the Order.

So much of the Documentary Evidence Acts as relates to the reception in evidence of any of the Orders printed or noted in this Manual is printed as Part X (1) ("Proof of Regulations Orders and Documents") of the "Food (Supply and Production) Manual," p. 437, in the form which as applying to that matter it **appears** to assume.

Ability of
Minister and
secretaries to
sit in Parlia-
ment.

12.—(1) The office of a Minister appointed under this Act, or of secretary in a Ministry established under this Act, shall not render the holder thereof incapable of being elected to, or sitting or voting as a member of, the Commons House of Parliament, but not more than one secretary in each Ministry shall sit as a member of that House at the same time.

30 & 31 Vict.
c. 102.

31 & 32 Vict.
c. 48.

31 & 32 Vict.
c. 49.

(2) The office of a Minister appointed under this Act shall be deemed to be an office included in Schedule H. of the Representation of the People Act, 1867, and Schedule H. of the Representation of the People (Scotland) Act, 1868, and Schedule E. of the Representation of the People (Ireland) Act, 1868.(a)

31 & 32 Vict.
c. 72.

(3) A Minister appointed under this Act shall take oath of allegiance and official oath, and shall be deemed to be included in the First Part of the Schedule to the Promissory Oaths Act, 1868.(b)

Cessation of
Ministry of
Food.

13. The office of Food Controller . . . and the Ministry of Food . . . shall cease to exist on the termination of a period of twelve months after the conclusion of the present war, or such earlier date as may be fixed by His Majesty in Council, and then any appointments made under the powers conferred by this Act shall be determined, and any powers or duties which have been transferred to the Food Controller . . . under this Act shall, without prejudice to any action taken in pursuance of those powers or duties, revert to the department or authority from which they were transferred.

Orders in
Council.

14.—(1) Any Order in Council made for the purposes of this Act may be added to, varied, or revoked by a subsequent Order in Council.

(2) Where any powers and duties are transferred by virtue of this Act, the transfer shall take effect as from a date to be fixed by Order of His Majesty in Council, and different dates may be fixed for different powers and duties.

Short title.

15. This Act may be cited as the *New Ministries and Secretaries Act, 1916.*

(a) **NON-VACATION OF SEAT IN PARLIAMENT ON ACCEPTANCE OF ANOTHER OFFICE.**—The effect of this enactment is to add the new offices to the list of those offices immediate succession from the one to the other of which does not vacate a seat in the House of Commons. The list as enacted in 1867 and 1868 for England, Scotland, and Ireland was in identical terms, but on the one hand it has been extended by numerous enactments, and on the other certain Ministerial Offices existing in 1867 are now obsolete. That list in its present form will be found printed in Appendix VII (1) to the "Food (Supply and Production) Manual," p. 510.

(b) **OFFICERS BY WHOM THE OATHS ARE TO BE TAKEN.**—The effect of this enactment is that the oaths are to be tendered to the Food Controller by the Clerk of the Council and taken in the presence of His Majesty in Council or otherwise as His Majesty shall direct.

2. Powers of Food Controller under Defence of the Realm Regulations.

EDITORIAL NOTE.

The whole of the Defence of the Realm Regulations reproduced under the authority of Regulation 64 as one single Consolidated Code, and revised to the last day of each month, are published at the commencement of the ensuing month. In "the Defence of the Realm Manual," which will henceforward be issued twice a year (the latest Edition covering the legislation to February 28th, 1918), the Regulations are accompanied by full editorial notes, by the full text of both the enabling Acts and of the Departmental Orders made under the Regulations with full notes, and by an analytical index to the whole of the Defence of the Realm Legislation.

This Food Control Manual comprises only those of the Regulations which confer powers on the Food Controller.

Such Regulations are here printed in the form which they appear to assume as applying to the Food Controller—all variations from the form in which they appear in the general Consolidated Code being indicated by thick black lines.

DEFENCE OF THE REALM REGULATIONS 2B, 2E, 2F, 2G, 2GG, 2H, 2J, 7, 8C, 8CC AND 35A CONFERRING POWERS ON THE FOOD CONTROLLER(a) AS AMENDED TO JULY 31ST, 1918, REPRODUCED IN THE FORM IN WHICH THEY APPLY TO THE FOOD CONTROLLER.

2B. It shall be lawful for the Food Controller to take possession of any articles to which his powers under Regulations 2F to 2J extend. Power to take possession of food, &c.

Where any goods, possession of which has been so taken, are acquired by the Food Controller, the price to be paid in respect thereof shall in default of agreement be determined by the tribunal by which claims for compensation under these regula-

(a) CONSULTATION WITH FOOD CONTROLLER AS TO EXERCISE OF CERTAIN LAND CULTIVATION POWERS.—Regulation 2M (1) (printed in the July, 1918, Monthly Edition of the Defence of the Realm Regulations in the form in which it was in force on July 31st, 1918), provides that the powers of the Board of Agriculture and Fisheries, and of the Board of Agriculture for Scotland as to land not cultivated so as to increase food supply shall be exercised "after such consultation with the Food Controller as may be arranged."

Powers of Food Controller to Regulate Manufacture or Dealings in Food.

tions are, in the absence of any express provision to the contrary, determined.(a)

In determining such price(b) regard need not be had to the market price but shall be had—

(a) if the goods are acquired from the grower or producer thereof, to the cost of production and to the rate of profit usually earned by him in respect of similar goods before the war and to whether such rate of profit was unreasonable or excessive, and to any other circumstances of the case;

(b) if the goods are acquired from any person other than the grower or producer thereof, to the price paid by such person for the goods and to whether such price was unreasonable or excessive, and to the rate of profit usually earned in respect of the sale of similar goods before the war, and to whether such rate or profit was unreasonable or excessive, and to any other circumstances of the case; so, however, that if the person from whom the goods are acquired himself acquired the goods otherwise than in the usual course of his business, no allowance, or an allowance at a reduced rate, on account of profit shall be made:

(a) **TRIBUNAL FOR COMPENSATION CLAIMS.**—On March 31st, 1915, a Royal Commission (“The Defence of the Realm (Losses) Commission”) was appointed, the terms of reference of which (printed at length at pp. 367, 368 of Supplement No. 3 to the Manual of Emergency Legislation) are as follows:—

“to enquire and determine, and to report what sums (in cases not otherwise provided for) ought in reason and fairness to be paid out of public funds to applicants who (not being subjects of an enemy State) are resident or carrying on business in the United Kingdom, in respect of direct and substantial loss incurred and damage sustained by them by reason of interference with their property or business in the United Kingdom through the exercise by the Crown of its rights and duties in the defence of the Realm,”

The Commissioners thereby appointed are empowered—

- (i.) to call before them such persons as they shall judge likely to afford them any information upon the subject of the Commission: and also to call for, have access to and examine all such books, documents, registers and records as may afford them the fullest information on the subject, and to inquire of and concerning the premises by all other lawful ways and means whatsoever.
- (ii.) to visit and personally inspect such places as they may deem it expedient so to inspect for the more effectual carrying out of the purposes aforesaid.

The Commissioner further provides that if the Commissioners deem it expedient the powers and privileges conferred on them shall belong to, and may be exercised by, any one or more of them, and that they shall, from time to time, report to the Treasury.

The (July 31st, 1918) present members of the Commission are:—

Lord Terrington (chairman);
 Sir Matthew G. Wallace;
 The Rt. Hon. Mr. Laurence Hardy, M.P.;
 Mr. W. F. Hamilton, K.C.;
 The Hon. W. Watson, K.C., M.P.

Mr. D. du Bois Davidson is Secretary to the Commission, whose address is Spencer House, 27, St. James' Place, S.W.1.

(b) **DETERMINATION OF PRICE.**—Regulation 7 (p. 13) provides for the determination of the price of factory-output requisitioned thereunder.

Provided that where by virtue of these regulations or any order made thereunder the sale of the goods at a price above any price fixed thereunder is prohibited the price assessed under this regulation shall not exceed the price so fixed.

If, after the Food Controller has issued a notice that he has taken or intends to take possession of any article in pursuance of this regulation, any person having control of any such article (without the consent of the Food Controller) sells, removes, or secretes it, or deals with it in any way contrary to any conditions imposed in any licence, permit, or order that may have been granted in respect thereof, he shall be guilty of an offence against these regulations.

The Food Controller may by order direct that any action in contravention of, or failure to comply with, this regulation or any order or requirement thereunder, shall, instead of being an offence, be a summary offence against these regulations,^(a) and this regulation shall have effect accordingly.^(b)

2E. The Food Controller may by order regulate, restrict, or prohibit the manufacture, purchase, sale, delivery of or payment for, or other dealing in, any article to which his powers under Regulations 2f to 2j extend, and if any person refuses to sell any article, the sale whereof is regulated by any such order, he may be required by the Food Controller to sell it on the terms and subject to the conditions on and subject to which the sale thereof is authorised by the order and to deliver it to him or to any person or persons named by him, delivery to be made in such quantities and at such times and places as may be specified by him or on his behalf.

Power to regulate manufacture or dealings in food, &c.

If any person fails to comply with any provision of any such order or any requirements made thereunder, or aids or abets^(c) any other person, whether or not such person is in the United Kingdom, in doing anything which, if done in the United Kingdom, would be a contravention of any such order, he shall be guilty of an offence against these regulations.

(a) OFFENCES AGAINST REGULATIONS.—See Introductory Note to this Manual.

(b) TAKING POSSESSION OF GROWING CROPS.—Regulation 2B is valid and under it any of the Departments on whom it confers specific powers can give a valid notice to take possession of growing crops when gathered. See *Lipton Limited v. Ford*: 116 *Law Times Reports* 632; 33 *Times Law Reports* 459. It would seem (see view expressed by Atkins, J.) that the Regulation does not authorise the Departments to send men to gather the crops themselves.

(c) AIDING OR ABETTING.—Regulation 48 of the Defence of the Realm Regulations makes it an offence to commit or to procure, aid or abet or do any act preparatory to the commission of any act prohibited by the Regulations.

The Food Controller may by order direct that any action in contravention of, or failure to comply with, this regulation or any order or requirement thereunder, shall, instead of being an offence, be a summary offence against these regulations,^(a) and this regulation shall have effect accordingly.

Powers of Food Controller as to maintenance of food supply.

2F.—(1) The Food Controller may make orders^(b) regulating, or giving directions with respect to the production, manufacture, treatment, use, consumption, transport, storage, distribution, supply, sale or purchase of, or other dealing in, or measures to be taken in relation to any article^(c) (including orders providing for the fixing of maximum and minimum prices) where it appears to him necessary or expedient to make any such order for the purpose of encouraging or maintaining the food supply of the country, and making such provisions as to entry, inspection, or otherwise as appear to him necessary or expedient for the purpose of his duties.

(2) The Food Controller may by order require all or any persons owning or having power to sell or dispose of any article, or any stocks thereof, to place at the disposal of the Controller the article, or the whole or any part of the stocks thereof, as may be directed by the Controller, on such terms as he may direct, and to deliver to the Controller or to any person or persons named by him the article or stocks in such quantities and at such times as the Controller may require, where it appears to him necessary or expedient to make any such order for the purpose of encouraging or maintaining the food supply of the country.

Such compensation shall be paid for any article or stocks so requisitioned as shall, in default of agreement, be determined by the arbitration of a single arbitrator appointed in manner provided by the order; but in determining the amount of the compensation the arbitrator shall have regard to the cost of production of the article and to the allowance of a reasonable profit, without necessarily taking into consideration the market price of the article at the time.

[(3) of this Reg., which provided that Orders thereunder might be general or special, was revoked by an amending Order in Council; its place is now taken by Reg. 2J (3), p. 11, which is to the like purport as the revoked provision, but of extended scope.]

(a) OFFENCES AGAINST REGULATIONS.—See Introductory Note to this Manual.

(b) ORDERS OF THE FOOD CONTROLLER.—The Orders of the Food Controller under Reg. 2F in force on July 31st, 1918, are printed in Part II. of this Manual.

(c) "ARTICLE."—This expression includes animals alive or dead. See Reg. 2J (4) p. 13.

(4) The Food Controller shall, as respects any article to which his powers extend, have the same power as the Board of Trade have of giving directions, pending the issue of a Proclamation or the making of an Order of or in Council, with respect to the export of the article.(a)

(5) If any person acts in contravention of or fails to comply with any provision of any order made under this regulation, or aids or abets any other person, whether or not such other person is in the United Kingdom, in doing anything which, if done in the United Kingdom, would be a contravention of any such provision, such person shall be guilty of a summary offence against these regulations.(b)(c)

2G.—(1) The Food Controller may by order require persons engaged in the production, manufacture, purchase, sale, distribution, transport, storage, or shipment, of any article(d) to which the powers of the Food Controller extend, to make returns giving such particulars as to their businesses as may be specified by or on behalf of the Food Controller and may require the returns to be verified as he may direct.(e)

Power of Food Controller to require returns.

(2) For the purpose of testing the accuracy of any return made to the Food Controller under this regulation, or of obtaining information in case of a failure to make a return, any officer of the Food Controller authorised in that behalf by the Food Controller may enter any premises belonging to or in the occupation of the person making or who has failed to make the return, or on which he has reason to believe that any articles with respect to which an order under this regulation has been made are kept stored, manufactured, or produced, and may carry out such inspections and examinations (including the inspection and examination of books) as the officer may consider necessary for testing the accuracy of the return or for obtaining any such information.

(a) ACTION IN ANTICIPATION OF RESTRICTION OF EXPORTS.—If the Food Controller, in accordance with Reg. 2F (4), so directs, the Commissioners of Customs and Excise have, pending the issue of such a Proclamation or Order, the same power to take any action for preventing the export of any article as if the Proclamation or Order were in force. See s. 3 (1) of the Customs (War Powers) Act, 1916 (6 & 7 G. 5. c. 102).

(b) OFFENCES BY COMPANY DIRECTORS, &c.—Regulation 48A of the Defence of the Realm Regulations provides that every director and officer of a corporation or company shall be guilty of an offence against the Regulations committed by his corporation or company unless he proves that the act constituting the offence took place without his knowledge or consent.

(c) INFORMATION AS TO CONTRAVENTION OF ORDERS.—Information regarding Contravention of Orders should be given to the police or to an officer of the local authority and not to the Ministry of Food. As to disclosing contraventions, see also Regulation 49 of the Defence of the Realm Regulations.

(d) "ARTICLE."—This expression includes animals alive or dead. See Reg. 2J (4), p. 13.

(e) ORDERS UNDER REG. 2G.—The Orders of the Food Controller under Reg. 2G in force on July 31st, 1918 are printed in Part II. of this Manual.

(3) If any person—

- (a) refuses or without lawful excuse neglects to make a return as required by this regulation to the best of his knowledge and belief, or makes or causes to be made a false return; or
- (b) obstructs or impedes an officer of the Food Controller in the exercise of any of his powers under this regulation; or
- (c) refuses to answer or gives a false answer to any question, or refuses to produce any books or documents, required for obtaining the information to be furnished in pursuance of this regulation;

that person shall be guilty of a summary offence against these regulations.

(4) No individual return or part of a return made under this regulation, and no information as to any person or his business obtained under this regulation, shall without lawful authority be published or disclosed except for the purposes of a prosecution under such of these regulations as relate to the powers and duties of the Food Controller; and if any person acts in contravention of this provision he shall be guilty of a summary offence against these regulations.

(5) If in any case the Food Controller is of opinion that it is necessary or expedient to obtain information from any person in connection with any article as to all or any of the matters with respect to which returns may be required under sub-section (1) of this regulation, the Food Controller shall have power, without making an order for the purpose, to require that person to furnish him with that information; and any person who is so required to furnish information shall furnish it accordingly.

In such a case, all the foregoing provisions of this regulation shall apply to information so given and the giving of such information as they apply to returns made and the making of returns.

Power of Food Controller to take possession of factory or premises in which food is manufactured or adapted for use.

2GG.—(1) Where the Food Controller is of opinion that it is necessary or expedient to do so for the purpose of his powers and duties, he may by order apply the provisions of this regulation to factories and workshops and other premises in which any article of food specified in the order is manufactured, stored or produced or adapted for sale, or which are used for the purpose of the distribution of any such article, or to any plant used in connection therewith.

(2) Any factory, workshop or premises or plant to which this regulation is so applied, shall by virtue of the order pass into the possession of the Food Controller or of such person or body of persons as he may from time to time nominate for the purpose as from the date of the order or from any later date mentioned in the order, and the occupier of every such factory, workshop or premises or plant, and every officer of such occupier, and where the occupier is a company, every director of the company shall comply with the directions of the Food Controller or of such person or body of persons as aforesaid, as to the management

and user of the factory, workshop or premises or plant, and if he fails to do so, he shall be guilty of a summary offence against these regulations.(a)

(3) It is hereby declared that the possession under this regulation by the Food Controller or by a person or body of persons nominated by him of any factory, workshop or premises or plant shall not affect any liability of the actual occupier thereof under the Factory and Workshop Act, 1901,(b) or any Act amending the same.

(4) It shall be lawful for the Food Controller—

(a) To require any work in any such factory or workshop or other premises as aforesaid to be done in accordance with his directions given with the object of making the factory or workshop or other premises or the plant or labour therein as useful as possible for the manufacture, storage, production or distribution of food.

(b) To regulate or restrict the carrying on of any work in any such factory workshop or other premises as aforesaid, or the engagement or employment of any workman, or all or any classes of workmen, therein, or to remove the plant therefrom, with a view to maintaining or increasing the production of food.

(5) The occupier and every officer and servant of the occupier of any factory, workshop or other premises, or any other person affected by any such directions, regulations, or restrictions, and where the occupier is a company, every director of the company, shall obey the directions, regulations or restrictions of the Food Controller, and if he fails to do so he shall be guilty of a summary offence against these regulations.

(6) Where under this regulation any directions regulating the priority to be given to work at any factory, workshop, or other premises, have been given and any person in any certificate or document given or issued for the purpose of securing priority for any work in pursuance of such directions, makes any false statement or false representation, he shall be guilty of a summary offence against these regulations.

2H.—(1) If the Food Controller in any special case is of opinion that, before exercising any of his powers under these regulations in relation to any article,(c) it is expedient to hold an inquiry with respect to that article in any locality, the Food Controller may appoint such persons as he thinks fit to hold an inquiry as respects that article and report to the Food Controller on such points as the Food Controller may direct.

Powers of Food Controller as to inquiries.

(2) Any persons so appointed shall have power to take evidence on oath and to administer an oath for the purpose.

(c) POWERS AND DUTIES OF LOCAL AUTHORITIES UNDER FOOD CONTROLLER'S ORDERS.—"The Local Authorities (Food Control) Order (No. 2), 1917," and "The Local Authorities (Food Control) (Scotland) Order (No. 2), 1917, made by the Local Government Board and the Secretary for Scotland, and both dated August 22, 1917, respectively, confer on Local Authorities in England, Wales, and Scotland the powers and duties necessary to carry out the Food Control Committees (Constitution) Order, 1917. Two further Orders, "The Local Authorities (Food Control) Order (No. 3), 1917," and "The Local Authorities (Food Control) (Scotland) Order (No. 3), 1917," both issued in November, 1917, confer on Local Authorities in England, Wales, and Scotland the powers necessary to carry out of their functions in connection with the system established in the same month of enforcement of the Food Controller's Orders by Food Control Committees. All these Orders are printed in Part III of this Manual.

Orders have also been made by the Local Government Board and Secretary for Scotland as to National Kitchens, and are printed in Group 11A ("National Kitchens"). An Order by the Local Government Board as to Milk for Mothers and Children is printed in Group 11 (Milk, &c.).

(d) LOCAL BODIES CONSTITUTED BY ORDER OF THE FOOD CONTROLLER.—The bodies so constituted comprise Local Food Control Committees throughout England and Scotland and the Food Control Committee for Ireland. The Orders constituting these bodies and regulating their proceedings and accounts are printed in Part III. of this Manual.

The Cattle Feeding Stuffs (Committees) Order, 1917 (p. 122) constitutes a Port Feeding Stuffs Committee for each of the 4 divisions into which England and Wales are divided for that purpose and another one for Scotland, and also a Provincial Feeding Stuffs Committee for each of the 28 English and Welsh Areas, and for each of the 7 Scottish ones formed by grouping Counties for this purpose.

(2) Nothing in the regulations numbered 2G and 2H shall prevent the exercise by the Food Controller of any of his powers in relation to any article under these regulations or otherwise, without having obtained or endeavoured to obtain returns under Regulation 2G or having held an inquiry under Regulation 2H.

(3) Any order of the Food Controller under these regulations may be revoked or varied as occasion requires, and any such order may be made either so as to apply generally, or so as to apply to any special locality, or so as to apply to any special supplies of any article or to any special producer, manufacturer, dealer or person, or to any class or description of factories workshops premises or plant, or to any special factory workshop premises or plant; and any such order may direct that all contracts, or any class of contracts, or any special contract, affected by the order shall be abrogated, or shall remain in force notwithstanding anything in the order but subject to any exceptions or modifications for which provision may be made by the order.

(4) It is hereby declared that in the regulations numbered 2F, 2G, 2H and 2J, the expression "article" includes animals, live or dead; but this provision shall not be construed so as to limit the general interpretation of that expression.

(5) Where the Food Controller considers it desirable to do so for the purpose of maintaining the supply of hops, he may, after consultation with the Board of Agriculture and Fisheries, exercise, with respect to hops, any of the powers conferred on him by Regulations 2F to 2H.(a)

7. The Food Controller may by order require the occupier of any factory or workshop in which any article to which the powers of the Food Controller under Regulations 2F to 2J extend is or may be manufactured, produced or adapted for sale, to place at his disposal the whole or any part of the output of the factory or workshop as may be specified in the order, and to deliver to him, or to any person or persons named by him, the output or such part thereof as aforesaid in such quantities and at such times as may be specified in the order; and the price to be paid for the output so requisitioned shall, in default of agreement, be determined by the arbitration of a judge of the High Court selected by the Lord Chief Justice of England in England, of a judge of the Court of Session selected by the Lord President of the Court of Session in Scotland, or of a judge of the High Court of Ireland selected by the Lord Chief Justice of Ireland in Ireland.

Power to requisition output of factories manufacturing food.

(a) HOPS.—The Hops (Restriction) Order, 1917 (p. 181), restricts dealings in hops, and Regulation 2NX (printed p. 628 of Addenda to the "Food (Supply and Production) Manual") provides for the reduction of the acreage under hops in England and Wales.

In determining such price regard need not be had to the market price, but shall be had to the cost of production of the output so requisitioned and to the rate of profit usually earned in respect of the output of such factory or workshop before the war, and to whether such rate of profit was unreasonable or excessive, and to any other circumstances of the case.

If the occupier of the factory or workshop fails to comply with the order, or without the leave of the Food Controller delivers to any other person any part of the output of the factory or workshop to which the order relates, he shall be guilty of an offence against these regulations.

For the purpose of ascertaining the amount of the output of any factory or workshop or any plant therein and the cost of production of such output, and the rate of profit usually earned in respect of the output of such factory or workshop before the war, the Food Controller may require the occupier of any such factory or workshop, or any officer or servant of the occupier, or where the occupier is a company any director of the company, to furnish to the Food Controller such particulars as to such output, cost, and rate of profits as he may direct, and may require any such particulars to be verified in such manner as he may direct, and if any such person fails to comply with any such requirement he shall be guilty of an offence against these regulations.

The Food Controller may by order direct that any action in contravention of, or failure to comply with, this regulation, or any order or requirement thereunder, shall, instead of being an offence, be a summary offence against these regulations,^(a) and this regulation shall have effect accordingly.

Power to
authorise
use of regis-
tered design.

8C It shall be lawful for the Food Controller to authorise or require any contractor holding a contract with the Food Controller, or any sub-contractor, to use any registered design for the purposes of such contract, and thereupon the contractor or sub-contractor shall be entitled for the purposes aforesaid to use the registered design and to apply the same to any article in any class of goods in which the design is registered without the consent of the registered proprietor, and the consideration to be paid for the use of the registered design shall, in default of agreement between the proprietor of the design and the Food Controller, be determined, at the option of the Treasury, either in the manner in which other claims for compensation under these regulations are determined,^(b) or in the manner

It shall be lawful for the Food Controller, with a view to the more efficient or increased production of any article to which his powers under Regulations 2F to 2J extend, to require any person to communicate to a person nominated for that purpose by the Food Controller all such particulars as may be in his possession of any invention, or process or method of manufacture, or of any article manufactured or proposed to be manufactured, and to furnish drawings, models, or plans thereof, and to explain and demonstrate the same to such person, in all or any of its uses and workings; and if any person fails or neglects to comply with any such requirement he shall be guilty of an offence against these regulations; and if the requirement is addressed to a company, every director, manager, or officer of the company who fails or neglects to comply with such requirement shall also be guilty of an offence against these regulations.

Power to require particulars of invention or process.

If any person, except as authorised by the Food Controller, discloses or makes use of any information obtained in consequence of any requirement made under this regulation or communicated to him by the person by whom it was so obtained, he shall be guilty of an offence against these regulations.

The Food Controller may by order direct that any action in contravention of, or failure to comply with, this regulation, or any order or requirement thereunder, shall, instead of being an offence, be a summary offence against these regulations.(b) and this regulation shall have effect accordingly.

No communication of an invention made in consequence of any requirement under this regulation, or the use thereof by any person authorised under this regulation to use it, shall prejudice any right of the inventor or owner thereof subsequently to apply for or obtain a patent for the invention.

35A. The Food Controller, after consultation with a Secretary of State, may as respects any premises to which his powers under Regulation 2GG extend, make rules for the purpose of securing the safety—

CHRONOLOGICAL TABLE OF ALL THE ORDERS OF THE FOOD CONTROLLER UNDER DEFENCE OF THE REALM REGULATIONS SHEWING WHICH ARE REVOKED, SUPERSEDED, OR SPENT, AND WHICH ARE AMENDED.

[Under the Food Supply provisions of the Defence of the Realm Regulations issued in November, 1916, the Board of Trade^(a) made 10 Orders, all of which have now been revoked or have expired.

The substituted Regulations of January, 1917, empowered the Food Controller to make Orders relating to Food Supply, etc., and this Table forms a complete list of such Orders^(b) made by him shewing which of these Orders have been revoked or amended and by what subsequent Orders, and which Orders have now expired and when they expired. The number following the Title of each Order in force is that under which it has been put on sale as a "Statutory Rule and Order"^(c); the Title of each Order which has wholly expired, or been wholly revoked, is printed in italics. This table does not include the ancillary Orders, &c., made by the Treasury, Local Government Board, Secretary for Scotland, Board of Agriculture and Fisheries, Fishery Board for Scotland, and Department of Agriculture and Technical Instruction for Ireland, which are printed or noted in connection with the Food Controller's Orders to which they relate, but is confined to Orders made, or having effect as if made, by the Controller.

The Controller's Orders relating to Food Control Committees and to enforcement of Orders and Prosecutions are included in this Table, but the text of them will be found not in this Part (II.) but in a separate Part III (pp. 621-652) which also includes the Orders made by the Local Government Board and the Secretary for Scotland relating to the functions of Local Authorities as to Food Control Committees.

(a) BOARD OF TRADE ORDERS.—The Orders made in 1916 by the Board of Trade (all of which have now been revoked or have expired) had effect as though made by the Food Controller. See Defence of the Realm Regulations 2JJ (2) printed at p. 9 of the May, 1917, Edit. of the "Food Supply Manual" but omitted from the present Edition as being now spent.

(b) LICENCES OF THE FOOD CONTROLLER.—In this statement General Licences which have been put on sale as Statutory Rules and Orders are counted with the Orders. References to other Licences are given in the footnotes to the Orders.

(c) STATUTORY RULES AND ORDERS.—Any Order referred to may be obtained from a bookseller at the price of 1d., or direct from H.M. Stationery Office, Kingsway, W.C.2, post free, 1½d.

**ORDERS OF THE FOOD CONTROLLER
 UNDER DEFENCE OF THE REALM
 REGULATIONS AS TO MAINTENANCE
 OF FOOD SUPPLY NOW,
 JULY 31st, 1918,
 IN FORCE, OR COMING INTO FORCE,
 AND ORDERS OF OTHER DEPARTMENTS
 ANCILLARY THERETO.**

EXPLANATION OF CLASSIFICATION AND ARRANGEMENT.

For the purposes of this Part of this Manual the Orders therein printed have, as in the previous (the April) Edition hereof, been divided into groups according to the class of articles, or matter, with which the Orders deal.

It has been considered convenient to retain the numbering of the 18 groups which appeared in the January, 1918, Edition, and, accordingly, the 11 new groups which have been called for by the Orders of the last six months have been given intermediate numbers, denoted by a letter following a figure as in the List of the Groups and of the Orders falling within each of them which is printed below.

Where an Order falls under more than one group its text is printed in that group to which it seems more principally to belong, the heading being repeated by way of cross-reference under the other group, or groups, to which it in part belongs. Thus, "The Damaged Grain, Seeds, and Pulse Order," which relates to wheat and other cereals, is printed in group **3**, "Bread Flour and Cereals," but as it also relates to pulse and to seeds, it is cross-referred to under groups **2**, "Beans, Peas, and Pulse," and **15** "Seeds."

In the Classified List the Orders of each group are enumerated in the alphabetical sequence of their short titles, but in the text the sequence of the Orders of each group is that of their date of issue.

The Orders of the Food Controller as to the Constitution, Procedure and Accounts of Food Control Committees and the Enforcement of Orders and Prosecutions are not included in this Part of this Manual nor in the grouping above referred to. Such Orders, with the Orders of the Local Government Board and the Secretary for Scotland ancillary thereto, form a separate Part of this Manual—Part III.

A Wiltshire Cut Side or Cumberland Cut Side may be divided as follows:—

Middle	}
Gammon	
Fore

(a) AMENDMENT OF CLAUSE 5.—This clause was inserted in its present form by the Appointment of Arbitrators Order, 1918 (St. R. & O., 1918, No. 294).

(b) LIABILITY OF DIRECTORS, &c., OF COMPANY.—See footnote (c) to Manufacture of Flour and Bread Order (No. 2), 1917, p. 90.

(c) SAMPLES OF FLOUR.—As to the power of Inspectors of Weights and Measures to take samples of any flour in the possession of any miller or baker or seller of bread or flour, and as to prosecutions by such Inspectors under this Order, see Order of June 11, 1917, printed in Part III of this Manual.

that, except under the authority of the Food Controller, the following regulations shall be observed by all persons concerned:—

1. No person shall after the 21st April, 1917, make or attempt to make for sale, or after the 24th April, 1917, sell or offer to sell or have in his possession for sale:—

(a) Any crumpet, muffin, tea cake or fancy bread, or any light or fancy pastries, or any other like article.

(b) Any cake, bun, scone or biscuit, which does not conform to the requirements of the two following provisions of this Order.

2. In the making of any cake, bun, scone or biscuit, no edible substance shall be added to the exterior of the cake mixture or dough after it has been mixed, or to the article during the process of or after baking.

3. *Cake*.—No cake shall contain more than 15 per cent. of sugar or more than 30 per cent. of wheaten flour.

4. The foregoing provisions of this Order shall not apply to any cake or biscuit proved to have been made before the 23rd April, 1917.

5. The provisions of the Sale of Food and Drugs Acts relating to warranties and invoices shall apply to any proceedings under the foregoing provisions of this Order in the same way as they apply to proceedings under those Acts. (c)

(a) PROVISIONS OF SALE OF FOOD AND DRUGS ACTS AS TO WARRANTIES AND INVOICES.—S. 25 of the 1875 Act (38 & 39 Vict. c. 63) provides that if a defendant in any prosecution under that Act proves that he bought the article in the same state as sold and with a warranty he shall be discharged. There must be some writing connecting the particular consignment with the warranty. A series of reported cases turn on the question as to whether an invoice amounts to a warranty and it would seem that it does so amount if it contains a statement guaranteeing the article, provided that it can be regarded as the actual contract of sale.

S. 7 of the Margarine Act, 1887 (50 & 51 Vict., c. 52), makes provision as to warranties, and s. 12 of that Act provides for proceedings thereunder being the same as are prescribed by ss. 12 to 28 of the Sale of Food and Drugs Act, 1875.

S. 20 of the 1899 Act (62 & 63 Vict. c. 51) provides that a warranty or invoice shall not be available as a defence unless the defendant sends a copy thereof to the purchaser within 7 days after service of the summons and makes further provision as to warranties.

Inspection. 6. Any person authorised by the Food Controller, and any Inspector of Weights and Measures^(a) may enter upon any premises where he has reason to suspect any article is being made or sold or exposed for sale in contravention of this Order, and take samples thereof.

Clubs. 7. This Order shall apply to articles made or supplied in Clubs in the same way as it applies to articles made or supplied for sale.

Rationing of Tea Shops.^(b) 8.—(a) *The following provision shall apply to every public eating place as defined in the Public Meals Order 1917 which is excepted from that Order under clause 7 (b) thereof:—*

No individual customer shall be served at any meal whatsoever which begins between the hours of 3 p.m. and 6 p.m. with more than 2 ozs. in the whole of bread, cake, bun, scone and biscuit.

(b) *This clause shall not apply to any public eating place where:—*

(1) *No customer is ever charged more than 6d. in respect of a meal (including the charge for beverages) begun between 3 p.m. and 6 p.m. which does not include meat, fish or eggs; and*

(2) *There is exhibited on every tariff card and also in a conspicuous position in every room where meals are usually served a notice to the effect that no customer will be so charged.*

(c) *This clause shall not come into force until the 23rd April, 1917.*

Interpretation. 9. For the purpose of this Order the expression "Wheaten Flour" shall mean any flour for the time being authorised to be used in the manufacture of wheaten bread, and the expression "sugar" shall include glucose.

Penalty. 10. If any person acts in contravention of this Order or aids and abets any other person in doing anything in contravention of this Order, that person is guilty of a summary offence against the Defence of the Realm Regulations, and if such person is a company every director and officer of the company is also guilty of a summary offence against those regulations unless he proves that the contravention took place without his knowledge or consent.^(c)

THE INTOXICATING LIQUOR (OUTPUT AND DELIVERY) ORDER, 1917, DATED MARCH 29, 1917, AS AMENDED BY THE INTOXICATING LIQUOR (OUTPUT AND DELIVERY) ORDER No. 4, 1917,(b) AND BY THE INTOXICATING LIQUOR (OUTPUT AND DELIVERY) ORDER No. 2, 1918.(b)

1917. No. 270 as amended by 1917, No. 1213, and 1918, No. 600.

Whereas the Food Controller is empowered by Regulation 2f of the Defence of the Realm Regulations to make orders regulating, or giving directions with respect to the production, manufacture, treatment, use, consumption, transport, storage, distribution, supply, sale or purchase of, or other dealing in, or measures to be taken in relation to, any article (including orders as to maximum or minimum price) where it appears to him necessary or expedient to make any such order for the purpose of encouraging or maintaining the food supply of the country :

(a) LIABILITY OF DIRECTORS, &C., OF COMPANY.—Reg. 48A of the Defence of the Realm Regulations (printed in Part IX, 4 “Miscellaneous Provisions as to Offences,” p. 433 of the “Food (Supply and Production) Manual”) which was added to the Code since this Order was made, provides that directors and officers shall be liable for offences by their corporation or company.

(b) OPERATION OF AMENDMENTS.—The Amendment made by Order No. 4, 1917, which took effect as from November 28th, 1917, substituted what is herein printed as Sub-clause 3 of Clause 4 for the former sub-clause, and Order No. 2, 1918, revoked as from June 3, 1918, the principal order in so far as it applied to wine. The Order is also amended by the Intoxicating Liquor (Output and Delivery) Order No 5. 1917 (p. 182), and by the Intoxicating Liquor (Output and Delivery) Order, 1918 (p. 191).

And whereas it appears to the Food Controller to be expedient, for the purpose of encouraging and maintaining the food supply of the country, to extend the existing restrictions on the output, delivery, and distribution of beer and other intoxicating liquor, in manner appearing in this Order.(a)

Now, therefore, in pursuance of his powers under the said regulations and all other powers enabling him in that behalf, the Food Controller hereby orders, as follows:—

I.—Beer.

1.—(1) A brewer for sale shall not brew at his brewery in any quarter more than the maximum barrelage for the quarter(b) as determined under this Order. Restriction on output of beer.

(2) The maximum barrelage shall be determined for the purposes of this Order in the same manner as under the Output of Beer (Restriction) Acts, 1916,(c) except that—

(a) in ascertaining the standard barrelage under subsection (2) of Section two of the Output of Beer (Restriction) Act, 1916, 66 $\frac{2}{3}$ per cent. shall be substituted as the amount of reduction where 15 per cent. is under that provision the amount of reduction, and 72 per cent. shall be substituted as the amount of reduction where 30 per cent. is under that provision the amount of reduction; and

(b) ten million barrels shall be substituted for twenty-six million barrels as the rate of the total output of beer in the United Kingdom under the proviso to subsection (2) of Section two of that Act; and

(c) in determining the maximum barrelage for the quarter commencing on the first day of April, 1917, or any subsequent quarter, any surplus barrelage accrued in respect of any quarter previous to that commencing on the first day of April, 1917, shall not be taken into account.

(a) RELIEF IN RESPECT OF RESTRICTION OF BUSINESS CAUSED BY ORDER.—As from March 31st, 1917, the holders of wholesale dealers' licences and of retailers' on-licences and off-licences for spirits, beer or wine, and of (annual) passenger vessel licences are entitled on the expiration of their licences to repayment of $\frac{1}{16}$ th of the licence duty for every month or part of a month during the currency of both the Order and the licence. This relief is in lieu of that conferred by the Acts of 1914 and 1915 in cases where sale of liquor was curtailed. See Finance Act, 1917 (7 & 8 Geo. 5, c. 31), s. 7.

(b) MAXIMUM BARRELAGE FOR QUARTER COMMENCING JANUARY 1ST, 1918.—For that quarter the maximum barrelage is increased by the Intoxicating Liquor (Output and Delivery) Order, No. 5, p. 182.

Similar increase in the maximum barrelage for the last two quarters of 1917 were made by previous Orders referred to in footnote (a) to the said No. 5 Order p. 182.

(c) OUTPUT OF BEER RESTRICTION ACTS.—Those Acts as amended by the Food Controller (Transfer of Powers) Order, 1917, which transferred certain powers conferred by those Acts from the Board of Trade to the Food Controller, are reproduced in consolidated form as Appendix V to the "Food (Supply and Production) Manual," p. 470.

(3) Where it appears to the Commissioners of Customs and Excise (hereinafter referred to as the Commissioners)(a) that, owing to the transfer of licensed premises from one brewery to another or for the purpose of meeting any change in the amount of beer required to meet the supply of any localities, it is expedient to transfer barrellage from one brewer to another, the Commissioners may by order make the necessary transfer, and the maximum barrellages of the respective brewers shall be increased or decreased accordingly.

(4) The rights of brewers under subsection (3) of Section 2 of the Output of Beer (Restriction) Act, 1916, shall be suspended while this Order is in force.

(5) If the Food Controller, at the request of the Army Council, grants a special certificate to any brewer authorising him to brew beer in excess of the limits prescribed by this Order, on the ground that the addition is required for the use of military canteens,(b) the amount of beer which that brewer is entitled to brew shall thereupon be increased by the number of barrels stated in the certificate; and this Order shall apply accordingly.

Distribution
of beer.

2.—(1) The same provision shall be applicable in relation to the effect of this Order on contracts as is applicable in relation to the effect of the Output of Beer (Restriction) Act, 1916, on contracts under Section 4 of that Act.

(2) Licence holders, and persons having the same rights as licence holders under Section 5 of the Output of Beer (Restriction) Act, 1916, as amended by any subsequent Act, shall have the same rights, and brewers shall be under the same obligations, in connection with the output of beer as limited by this Order as under the said Section 5, except that the percentage of reduction in the number of standard barrels which a licence holder is entitled to obtain under that section and the reduction from the amount stated in the certificate for the purpose of ascertaining the reduction and transfer of maximum barrellage shall be increased so as to be $66\frac{2}{3}$ per cent. instead of 15 per cent.

(3) Any brewer who has not given to a licence holder any particulars or certificate which the licence holder is entitled to obtain from him under Section 5 of the Output of Beer (Restriction) Act, 1916, shall give the particulars or certificate to the licence holder within fourteen days after a request in writing therefor is made by the licence holder.

(a) COMMISSIONERS OF CUSTOMS AND EXCISE.—This Department was formed as from April 1, 1909, by the Excise Transfer Order, 1909 (St. R. & O., 1909, No. 197) which transferred the excise powers of the Commissioners of Inland Revenue to the new Board.

(b) FOOD CONTROLLER'S CERTIFICATES AUTHORISING BREWING FOR CANTEENS.—These Certificates can be granted by the Food Controller under s. 6 of the Output of Beer (Restriction) Act, 1916, which as amended by the Amendment Act and by the Food Controller (Transfer of Powers) Order, 1917 (1917, No. 287) which transferred to the Food Controller the powers of the Board of Trade as to granting the special certificates referred to, is printed in Consolidated Form in Appendix V to the "Food (Supply and Production) Manual," p. 470. For further provisions as to these certificates, see *Intoxicating Liquor (Output and Delivery) Order, 1918, p. 191.*

(4) A brewer shall give to a licence holder a copy of any certificate which has been obtained from him for the purpose of Section 5 of the Output of Beer (Restriction) Act, 1916, within fourteen days after a request in writing for the copy is made to him by the licence holder showing that the certificate originally obtained is either lost or for some other reason not available for use by the licence holder.

(5) Where beer has been supplied to a licence holder through a person recognised by the brewer as his agent—

(a) the agent shall be under the same obligation to give particulars and certificates of the beer as if he was the brewer; and

(b) the beer shall be deemed to be beer supplied by the brewer to the licence holder and not by the brewer to the agent.

3. Expressions to which a special meaning is attached by the Output of Beer (Restriction) Act, 1916, have (unless the context otherwise requires) the same meaning when used in this Part of this Order.(a)

(b) in excess of the amount which is authorised to be delivered to him under that authority; and

(c) unless particulars as to the warehouse or place from which the wine or spirits are delivered, and of the amount delivered and of the date of delivery are entered on the authority for delivery.

(2) Authorities for the purposes of this provision shall be issued by the Commissioners in such manner and subject to such conditions as may be prescribed by rules made for the purpose by the Treasury,(c) and the Commissioners shall attach to any authority so issued such conditions as they think fit for ensuring the proper distribution of the wine or spirits authorised to be delivered.

The rules made by the Treasury may provide for the appointment of a committee for the purpose of advising and assisting the Commissioners in the performance of their duties, and the exercise of their powers under this Part of this Order.(c)

(3) Authority shall (except in cases where special directions are given by the Commissioners) be granted only to the persons to

(5) A person shall not procure, or attempt to procure, the delivery of *wine or spirits* in contravention of this provision, or make any entry on an authority which is false in any material particular, or make any statement which is false in any material particular, for the purpose of obtaining any authority under this provision.

Every person shall comply with any conditions attached by the Commissioners to an authority issued by them under this provision, or to the delivery of spirits under this provision.

If it is shown to the Commissioners that any condition attached by them to the issue of an authority under this provision has not been complied with, the Commissioners may, if they think fit, withdraw the authority; but the power of the Commissioners to withdraw the authority shall not prejudice the liability of the holder of the authority to any penalty to which he may be liable for not complying with the condition.

(a) ARMY CATTLE PURCHASE.—The following Notice appeared in the Press of September 1st, 1917 :—"The arrangements made for the purchase of cattle in the United Kingdom for the feeding of the Army during the next few months have been revised in the light of a reduction in the demands of the Army, which were originally estimated at 250,000 head. The reduction in the weekly purchases will be spread over the whole area, and a smaller number of stock will be taken from England, Scotland, and Ireland. The purchases will be carried out in England by traders nominated by the Auctioneers' Institute and in Scotland by a Committee of auctioneers, but in Ireland the Army authorities will buy cattle through their own agents, as the Army has for some time been possessed of an organisation for the direct purchase of agricultural produce in Ireland. The buyers have been instructed to purchase cattle in a condition to yield good lean meat, beyond that of 'stores' three quarters fat but not 'prime.' The purchases will be effected at market rates, which are expected to rule below the maxima fixed by the Food Controller."

Two further Orders in Council of Nov. 10, 1915 (1915, No. 1071), and Dec. 22, 1915 (1915, No. 1219), empowered the President of the Board of Trade to requisition—

A Food Committee may, in any case in which in their opinion it is desirable to do so in the interests of the public within their area, with the consent of the Food Controller, grant to any other person a certificate of registration as a retail dealer in milk in respect of any premises within their area; and unless they shall see any good reason to the contrary, they shall, without any such consent, grant a certificate of registration to every applicant who has served during the present war in the forces of the Crown, and who before so serving, was carrying on a business as a retail dealer in milk within the area of the Committee.

14. A Food Committee shall keep in a form prescribed by the Food Controller a register of the persons to whom and the premises in respect of which certificates of registration have been granted under this Part of this Order.

15. In the event of the transfer of the business in connection with which a certificate of registration is held, or in the event of the death of the holder of a certificate of registration, it shall be lawful for the transferee or other person claiming under the holder of such certificate, on making an application for a certificate of registration to deal in milk by retail from the date of such application until the decision thereon is intimated by the Food Committee, in the same manner and subject to the same conditions as the holder of such certificate was entitled by virtue thereof.

Transfer of
a business.

NOTE.—The Orders of February 8th, 1918, of the Food Controller and of the Local Government Board were accompanied by the following Circular (S. R. & O., 1918, No. 277*) to County Councils and Sanitary Authorities:—

LOCAL GOVERNMENT BOARD,
Whitehall, S.W. 1,
9th February, 1918.

SIR,

I am directed by the President of the Local Government Board to enclose for your information copies of Orders which have been made by the Food Controller and the Local Government Board (a) with reference to the supply of food and milk for expectant and nursing mothers and of milk for infants and children under five years of age. The Orders provide that any local authority within the meaning of the Notification of Births Act, 1907, (b) may, and when required by the Local Government Board, shall, arrange for such a supply of food or milk, subject to the conditions set out in the Orders.

2. With regard to infants under nine months of age it is important that the Orders should be so administered as not to favour the abandonment of breast feeding whenever this is practicable. The officer referred to in paragraph 4 should use every effort to secure the continuance of breast feeding for such infants.

(a) ORDERS REFERRED TO.—These are the Milk (Mothers and Children) Order, 1918 (p. 401) and the Local Authorities (Food Control) Order (No. 1), 1918 (p. 403).

(b) NOTIFICATION OF BIRTHS ACT, 1907.—7 Edw. 7. c. 40. See also footnote (a) to p. 401.

3. The conditions prescribed by the Food Controller are set out in his Order, and relate to the quantity of milk which may be given in each case and the cases in which it may be supplied at less than cost price.

4. The quantity of food and milk provided may be prescribed by the Medical Officer of Health or the Medical Officer of a Maternity and Child Welfare Centre working in co-operation with the local authority, or by a person authorised by one of these officers or appointed by the local authority. The amount of milk should, in ordinary cases, be

- (a) For children under eighteen months, not more than one and a half pints daily.
- (b) For children between eighteen months and five years, not more than one pint daily.
- (c) For expectant and nursing mothers, the quantity specified by the officer referred to in this paragraph.

If dried milk or preparations of milk are used the quantity should be such as would, when properly reconstituted, approximate to the quantities of fresh milk given above.

5. The cases in which food or milk may be supplied at less than cost price are those in which the officer referred to in paragraph 4, certifies that such provision is necessary and that the women supplied cannot afford to pay the full price. The Board leave to the discretion of the local authority the direction to the officer as to what should constitute a necessitous case. In some districts a scale has been adopted based on the income of the family after taking into account the number of the children.

6. In providing dinners for expectant and nursing mothers the local authority should not supply or arrange for the supply of any food which is the subject of an Order of the Food Controller or of a scheme made by a local food committee under such an Order with regard to rationing without consultation with the local food committee.

7. In some cases the Board have already sanctioned schemes submitted to them by local authorities for the provision of food and milk for expectant and nursing mothers and of milk for infants and young children in anticipation of the powers conferred by the Orders. Where no scheme has yet been submitted the Board hereby sanction the provision of food and milk by the local authority from the date of their Order on the conditions laid down in the circular and on the further condition that the arrangements made and an estimate of the cost up to the 31st March, 1918, are communicated to them at an early date. Where a local authority wishes to vary the conditions laid down the Board's sanction should be previously obtained. The Board's grant for maternity and child welfare is available in respect of expenditure on the purposes of the Orders, and will amount to half the expenditure on the approved scheme. Application for the grant may be made after the 31st March next in connection with the general grant for maternity and child welfare.

8. It is open to the local authority to arrange for the supply of food and milk under the Orders by a voluntary agency engaged in maternity and child welfare work in their district. In such a case the Board suggest that the local authority should pay the expenditure of the voluntary agency in supplying food and milk at less than cost price, and should apply to the Board in due course for a grant in aid of the expenditure.

9. The Board trust that the local authority, if they have not already done so, will at once consider the needs of their district in respect of the provision of food for expectant and nursing mothers and of milk for these mothers and for children under five, both in regard to the ability of the women concerned to pay for the necessary food and milk and to the sufficiency of the supply of milk. Where the supply is insufficient the local authority should urge the local food committee to take action under the Priority Scheme of the Food Controller.

General Licences under Milk (Registration of Dealers) Order, 1918; Milk (Summer Prices) Order, 1918.

10. The Board learn from the Food Controller that some of a stock of dried milk which he purchased last year is still undisposed of. As indicated in the enclosed letter which he circulated last autumn, this milk can be supplied to Medical Officers of Health, Infant Welfare Centres and other similar institutions at cost price. Where difficulty exists in obtaining an adequate supply of fresh or dried milk for mothers and young children locally, the local authority should avail themselves of the Food Controller's offer. The Orders apply to such milk, and the Board's grant is available in respect of expenditure in supplying it on the same conditions as obtain for fresh milk supplied under the Orders.

I am, Sir,

Your obedient Servant,

H. C. MONRO,
Secretary.

To the Clerk to the Council.

PART I.—DEFINITION AND RESTRICTIONS.

1. In this Order:—

Definitions.

A " Wholesale Dealer " means a person for the time being authorised under this Order to sell potatoes by wholesale.(c)

A " Retail Dealer " means a person for the time being authorised under this Order to sell potatoes by retail.

The " Food Committee " means in respect of any area in Great Britain the Food Control Committee established for the area pursuant to the Food Control Committee (Constitution) Order, 1917,(d) and in respect of Ireland the Food Control Committee appointed for Ireland by the Food Controller.(e)

(a) MODIFICATIONS OF POTATOES ORDER.—The Potatoes (Postponement of Date) Order, 1917, varied the dates in Clauses 4, 11 and 12 (a) of the Potatoes Order which is here printed as thus varied. The Seed Potatoes (1917 Crop) Order, 1917 (p. 486), makes various modifications in the present Order in its application to seed potatoes dealt in as for seed besides those specific amendments which are embodied in the Order as here printed. The Potatoes (Amendment) Order, 1918, varies the prices and charges for transport, etc. The amending Order of June 12, 1918, substituted the Second Schedule as here printed for that as printed in the April, 1918, Edition of this Manual. The Early Potatoes (Prices) Order, 1918 (p. 510), provides that clauses 9, 27, 31, 32, 34, 35, 36, 38, 41 and 46 and the First and Second Schedules of this Order shall not apply to dealings in the 1918 crop before August 1, 1918.

(b) GOVERNMENT GUARANTEE TO GROWER AND CONTROL OF POTATO TRADE.—This Order gives effect to the Government guarantee to the grower in respect of " ware potatoes " sold on and after September 15th, 1917, by prescribing (Art. 26) a minimum grower's price of £5 a ton. It provides also for control of the potato trade at all stages by prescribing (Art. 28) a maximum grower's prices of £6 10s. 0d. per ton, by limiting (Art. 32) the profits of wholesalers and fixing (Art. 36) a scale of maximum retail prices, and by requiring (Part II.) all dealers in potatoes whether by wholesale or by retail to be registered. This control applies in general as from 8th October, 1917. A Notice by the Food Controller appearing in the Press of September 13th, 1917, states that the grower's maximum price will hold good until further notice, but will be adjusted if necessary later in the season to compensate for the wastage and expense involved in keeping back potatoes that have good lasting quality.

See further as to the Government guarantee the Potatoes Order (No. 2) 1917 (p. 494).

(c) SALE BY WHOLESALE DEALER.—See General Direction of December 24, 1917, as to invoices, p. 499.

(d) FOOD CONTROL COMMITTEES (CONSTITUTION) ORDER, 1917.—That Order is printed in Part III of this Manual.

“Ware Potatoes” means potatoes which will not pass through a riddle having a $1\frac{1}{2}$ inch mesh.

The expression “his own potatoes” with reference to a grower of potatoes means the potatoes grown by such grower.

2. Ware potatoes which are fit for human food shall not be sold or offered for sale or bought for any purpose except for seed or for human food.

4. Except a grower selling his own potatoes no person shall after the 7th October, 1917, sell potatoes by wholesale either on his own account or as agent on commission unless he is entitled to and has applied for registration as a wholesale dealer, or by retail unless he is entitled to and has applied for registration as a retail dealer under part II of this Order, and except a grower selling his own potatoes, no person shall after the 31st October, 1917, sell potatoes by wholesale either on his own account or as agent on commission unless he holds a certificate of registration as a wholesale dealer under part II of this Order for the time being in force or by retail unless he holds a certificate of registration as a retail dealer under part II of this Order for the time being in force. Provided that this clause shall not prevent a wholesale dealer from selling direct to consumers in quantities of not less than 1 cwt.

6. After the 31st October, 1917, a retail dealer (unless registered as a hawker or costermonger) shall not sell potatoes by retail except at a place in respect of which he holds a certificate of registration as a retail dealer, but this shall not prevent a retail dealer from selling from his cart in the ordinary course of his business. A retail dealer registered as a hawker or costermonger shall sell only from his cart stall or barrow and at such other place if any as may be named in his certificate.

Retail dealer only to sell at registered premises.

Limiting of wholesale transactions.

9. No potatoes shall after the 30th September, 1917, pass through the hands of more than two wholesale dealers between the grower and the retail dealer, and, accordingly, all persons concerned shall on and after the 1st October, 1917, observe the rules in relation to wholesale dealings contained in the First Schedule to this Order.

Restriction on the sale of certain varieties.

10. *On and after the 1st October, 1917, and until further notice from the Food Controller, no sound marketable ware potatoes of the following varieties shall be sold or otherwise dealt with (except by the grower for his own consumption) without the licence of the Food Controller, (c) namely:—“King Edward,” “Arran Chief,” “Langworthy,” “What’s Wanted,” and “Golden Wonder,” and every grower shall comply with any general or special direction that may be issued by or on behalf of the Food Controller prohibiting the removal of sound marketable ware potatoes of any other variety from the premises of the grower. The prohibition contained in this clause shall not apply to potatoes grown by a grower whose whole acreage of potatoes of all varieties in 1917 has not exceeded one acre. (d) (e)*

PART II.—REGISTRATION. (f)

Persons entitled to registration as wholesale dealers.

11. Every person who or whose predecessor in business was on the 1st January, 1916, and now is dealing in potatoes by wholesale as a regular part of his business shall be entitled, on making application pursuant to this Order on or before the 8th October, 1917, to receive a certificate of registration as a wholesale dealer in potatoes.

Upon the refusal of a certificate the applicant's title (if any) shall cease.

Grounds for refusing registration.

14. Any applicant for registration whether as a wholesale or as a retail dealer may include in his application an application for registration as a dealer in seed potatoes and any application for registration may be made in respect of seed potatoes only, but the Food Committees shall have full discretion as to granting or refusing every such application and any certificate of registration granted in respect of seed potatoes may so far as it relates to seed potatoes be revoked by the Food Committee at any time at its discretion and shall be revoked if the Food Controller so directs.

18. A person duly entitled may receive certificates of registration both as a wholesale dealer and as a retail dealer on making due application in both capacities.

Registration of grower as dealer.

19. A grower of potatoes shall not be entitled to receive a certificate of registration merely by reason of his having sold his own potatoes whether by wholesale or by retail but he shall be qualified to receive appropriate certificates if on the 1st January, 1916, he or his predecessor was and he now is as a regular part of his business dealing in potatoes other than those grown by him.

By Order of the Food Controller. ...

November 17th, 1917.

THE POTATOES ORDER (NO. 2), 1917, DATED NOVEMBER 19, 1917. AS AMENDED BY POTATOES ORDER (NO. 2), 1917, AMENDMENT ORDER, 1918.(b)

1917. No. 1188, as amended by 1918. No. 518.

Whereas with a view to encouraging the growth of potatoes in the year 1917, it was announced on behalf of His Majesty's Government that a minimum price of £6 per ton, free on rail or free on board, would be guaranteed to growers for all sound marketable ware potatoes delivered as required in lots of 4 tons or more.

Now therefore for the purpose of giving effect to such announcement and in exercise of the powers conferred upon him by the Defence of the Realm Regulations and of all other powers enabling him in that behalf, the Food Controller hereby orders that except under the authority of the Food Controller the following regulations shall be observed by all persons concerned:—

1. For the purposes of this Order:

Interpretation.

The expression "Ware Potatoes" means sound marketable potatoes of the 1917 crop (except potatoes sold as or for seed) which will not pass through a riddle having a mesh of 1½ inches.

The expression "Grower," as respects any ware potatoes means such person as may be determined by or under the authority of the Food Controller to be the grower of such potatoes for the purposes of this Order and subject to any such determination

(a) POTATOES ORDER, 1917.—That Order is printed p. 472.

(b) AMENDMENT OF ORDER.—The Amendment Order added the 2nd paragraph of Clause 2 and also Clauses 2A and 5 (iii) to the principal Order.

means the person who was on the 19th November, 1917, the occupier of the land on which such potatoes were grown or, if such potatoes have been or shall be sold in the ground, the person to whom such potatoes have been or may be so sold.

The expression "the base price" means as respects ware potatoes grown in any area, the rate per ton fixed by the Food Controller from time to time as the base price for that area.

The expression "the selling price" means in the case of a sale of ware potatoes, free on rail, barge or ship (grower's station, wharf or port) the rate per ton according to the contract and in the case of a sale of potatoes on other terms such rate adjusted in accordance with directions given by the Food Controller to a rate free on rail, barge or ship (grower's station, wharf or port).

For the purpose of ascertaining the time of delivery, potatoes shall be deemed to be delivered when they are first put on rail, barge or ship, or, if not put on rail, barge or ship, when they are removed from the grower's farm in the course of distribution.

Where potatoes are delivered otherwise than by rail, barge or ship, they shall be deemed to be delivered in a lot of 4 tons or more if the quantity delivered to a single purchaser in any consecutive period of 7 days equals or exceeds 4 tons and the whole of such lot shall be deemed to be delivered on the last day on which any part of it is so delivered.

2. Where pursuant to a *bonâ fide* contract for sale a grower has in any month or other period prescribed by the Food Controller delivered in lots of 4 tons or more ware potatoes grown by him he may make application to the Food Controller for payment to him in respect of each ton so delivered during that period of a sum equal to the amount by which the average selling price of all ware potatoes so delivered by him during that period falls short of the prescribed sum; provided that for the purpose of calculating the average selling price, ware potatoes delivered in lots of 4 tons or more and sold at a rate below the base price shall be deemed to have been sold at the base price.^(a)

Claims by grower.

The prescribed sum shall as respects potatoes delivered before the 15th April, 1918, be £6, and as respects potatoes delivered between the 15th April, 1918, and 14th May, 1918, inclusive, be £6 10s., and as respects potatoes delivered after the 14th May, 1918, be £7.

2a. Where after the 31st March, 1918, a grower of potatoes dresses his clamped potatoes and riddles the same so as to extract therefrom the seed potatoes and re-clamps his ware potatoes he may make application for payment of a sum of 10s. in respect of each ton of such re-clamped potatoes; provided that a claim shall not be made or allowed under this clause in respect of a greater quantity of ware potatoes than a quantity which bears the same proportion to the total quantity of ware potatoes extracted from the original clamp as the quantity of seed potatoes extracted and planted or sold for planting by the grower bears to the total quantity of seed potatoes so extracted.

(a) VARIATION OF BASE PRICE.—The Base Price was varied as from May 15, 1918, by the Potatoes (Base Price) Order, 1918, printed p. 509.

Making and determination of claims.

3.—(a) Claims for payment shall be lodged within such time and in such manner and shall be proved by such evidence and shall be made to and determined by such persons and bodies as the Food Controller may from time to time prescribe.

(b) The decision of any person or body appointed by the Food Controller to act for the purposes of this Order shall be final and conclusive for all purposes, and payments will be made on the basis of such decision accordingly; except that any decision made by any such person or body may at any time be reviewed and if thought fit, modified or set aside by the Food Controller, notwithstanding that any monies shall have been paid thereunder.

False statements.

4. A person shall not, for the purpose of obtaining a payment under this Order either for himself or any other person make any false statement or false representation.

Exclusion of certain persons from making claims

5. Except in such cases as the Food Controller may otherwise determine, no claim under this Order shall be allowed if the person on whose behalf such claim is made

(i) shall, after the 19th November, 1917, have contravened any Order of the Food Controller for the time being in force relating to potatoes; or

(ii) shall have failed to comply with any special or general direction of the Food Controller relating to the disposal or delivery or withholding of delivery of any potatoes of which he is the grower; or

(iii) shall have failed to make any return required by or under the authority of the Food Controller or shall have made any false statement in any such return.

Potatoes delivered prior to 19th November, 1917. Contracts.

6. This Order shall not apply to ware potatoes delivered before the 19th November, 1917.

7. Except in such cases as the Food Controller may otherwise determine and except in respect of potatoes delivered prior to the 19th November, 1917, all contracts subsisting at the date of this Order for the sale of ware potatoes are cancelled, other than contracts for sale in the ground.

Penalty.

8. Infringements of this Order are summary offences against the Defence of the Realm Regulations.

By Order of the Food Controller.

U. F. Wintour,

Secretary to the Ministry of Food.

20th October, 1917.

(a) SUGAR SUPPLY COMMISSION.—For names of Commissioners, Secretary, &c., see footnote (b) to p. 565.

The Schedule.

1. It has been decided to continue, until further notice, the present scheme of wholesale distribution based on the distribution of 1915, and that for this purpose the first day of January shall be considered to be the commencement of a fresh period, no adjustment being made in this period as the result of any irregularity in the preceding period.

2. In all calculations the basis is the quantity supplied during the whole of 1915 and not during any particular portion of that year.

3. *British Refiners* will continue to issue sugar only to their 1915 customers. The quantities to be issued will be proportioned to those of 1915, but the proportion will vary from time to time in accordance with the general proportion which all available supplies bear to the total quantity used or distributed in 1915.

4. *The Sugar Commission* will continue to distribute its imported sugar (and such quantities of British Refined Sugar as it may have at its disposal) to its 1915 buyers according to the index number of each. This will give each buyer as his share of available supplies, the amount proportional to his total use or distribution in 1915 of all sugar other than British refined.

5. *British West Indian Sugar.*—The sale of this and other sugar imported under licence will continue to be regulated by the West India Brokers' Committee, which will report all sales to the Sugar Commission. These will be taken into account when determining the quantities of Royal Commission sugar which should be allotted to the buyers. There will thus be no "free" sugar in 1917.

6. All wholesale dealers are instructed to distribute to their customers on the same principle; that is to say, to let each of their customers of the year 1915 have his equivalent proportion of the supplies of all descriptions, and from all sources, which they have at their disposal.

7. Experience has shown during the past six months that for a wholesale dealer who has some thousands of customers, a distribution on the basis of a fixed percentage of each customer's purchases in 1915 would be the most satisfactory method of procedure.

It will be readily understood that it is quite impossible under present circumstances to determine in advance the exact percentage of 1915 supplies which will be available, and the Commission accordingly recommends to all wholesale dealers who experience a difficulty in carrying out the instructions contained in this Memorandum:—

- (a) Forthwith to agree with their 1915 customers as to the quantity delivered to each in 1915, which is the quantity upon which the distribution for 1917 should be based. This basis quantity should be the total of all descriptions obtained from all sources.
- (b) To distribute during January on a fixed low basis of, say, 50 per cent.
- (c) To distribute during February on the fixed percentage of all supplies actually received during January, and so on from month to month.

This method will tend to obviate the difficulties arising from the adoption of too high a basis at the commencement, and the consequent inconvenience caused by subsequent adjustments.

8. The Commission must impress upon all those engaged in carrying out the distribution the extreme importance of adhering rigidly to the rules laid down. Haphazard distribution by the Wholesalers leads to innumerable complications and hardships for others. Any departure from these rules will render the offending Wholesaler liable to be excluded from obtaining further supplies.

9. Copies of this Memorandum may be obtained through the same sources as those through which sugar is supplied.

1917. No. 869.

1. There shall be a Food Control Committee appointed for the district of every Local Authority and such Committee shall be appointed by the Local Authority(b):

Provided that a Local Authority may combine with any other Local Authority or Authorities in appointing a Food Control Committee and in assigning to such Committee the whole or such parts of the districts of the constituent Local Authorities as they may determine.

A person appointed to be a member of the Committee need not be a member of the Authority by which he is appointed. At least one member of every Committee shall be a woman, and at least one other member a representative of labour.

(a) AMENDMENT OF ORDER.—The Joint Food Control Committees (Constitution) Order, 1918, printed p. 634, authorises, subject to the consent of the Food Controller, the appointment by two or more Local Authorities, of a Joint Food Control Committee, and provides for the constitution, powers and duties of the Joint Committee.

2. The Food Control Committee shall, except in such cases as the Food Controller may otherwise determine, consist of such number of persons not being more than 12 as the appointing Authority may determine.

3. The Clerk of the appointing Authority shall notify the Food Controller of the names and addresses of the persons appointed as members of the Food Control Committee.

4. The term of office of a person appointed to be a member of a Food Control Committee shall be one year,^(a) and any person on ceasing to be a member of a Committee may be re-appointed: provided that—

- (c) A member whose office expires by effluxion of time, shall continue to hold office until his successor is appointed; and
- (d) The appointing Authority may if they think fit at any time remove any member of the Committee and appoint another person to be a member of the Committee in his place.

5. If any vacancy occurs in a Food Control Committee by death, resignation or otherwise, the appointing Authority shall as soon as possible fill up the vacancy.

This provision applies also to appointments to Joint Food Control Committees.

11. A Food Control Committee shall make to the appointing Authority or Authorities such reports as to their acts and proceedings as such Authority or Authorities may require, but no act direction or decision of a Food Control Committee shall require confirmation by any such Authority.

12. A Food Control Committee shall appoint such officers to hold office during the pleasure of the Committee as they shall think fit, but no salary shall be payable to any officer during such time as he is a member of the Committee or of any Authority appointing any member of the Committee or of any Sub-Committee appointed by the Committee.

A Food Control Committee may appoint such and so many Sub-Committees consisting wholly or partly of the members of the Committee as the Committee think fit, and except so far as the Food Controller may direct a Committee may delegate subject to such conditions as they may think fit to any such Sub-Committee any powers and duties of the Committee, and any such delegation may be for the whole or part of the area for which the Committee acts.

(a) LOCAL AUTHORITIES IN ENGLAND AND WALES AND THEIR DISTRICTS.—The Common Council, to whom the whole of the powers of the former Commissioners of Sewers were transferred by 60 & 61 Vict., c. cxxxiii., are now the Public Health authority for the city.

There are 28 Metropolitan Borough Councils constituted by Orders in Council (S. R. & O., 1900, Nos. 380-407) under the London Government Act, 1899 (62 & 63 Vict., c. 14), the borough areas comprising the whole administrative county of London except the city. Many of the municipal boroughs and urban districts are now co-terminous with a single parish: the rural districts comprise groups of parishes and as originally constituted, and still in certain cases, are co-terminous with a poor law union—minus the boroughs or other urban districts within the union. A statement showing what parishes were on April 1st, 1915, within the district of each borough, urban, or rural district council ("Statement of the County Boroughs, &c., in England and Wales") is published by H.M. Stationery Office.

The Council of the Isles of Scilly, which was established by 53 & 54 Vict., c. clxxvi. (confirming an Order of the Local Government Board), has amongst other powers those of a Rural District Council.

23. In the application of this Order to Scotland, the expression "Local Authority" shall mean:—

(i) in each County a Joint Committee of the County Council and the Town Councils of the Royal, Parliamentary and Police Burghs within the County with a population, according to the 1911 Census, not exceeding 5,000, provided that the Town Council of any other Royal, Parliamentary or Police Burgh may, if it so decides, agree to join the Joint Committee;

(ii) in all other Royal, Parliamentary or Police Burghs, the Town Council.(a)

24. (a) This Order may be cited as the Food Control Committees (Constitution) Order, 1917.

(b) This Order shall not apply to Ireland.(b)

6. If any difficulty arises with respect to the constitution of a Joint Committee or otherwise in relation to the operation of this Order, the Food Controller may make any appointment and do anything which appears to him necessary or expedient for the establishment of such a Joint Committee or otherwise for securing the full operation of the Order, or of any subsequent Order relating to the constitution, powers, or duties of a Joint Committee.

(b) Any directions given by any such Food Control Committee as is referred to in this Clause pursuant to any power conferred by any Order of the Food Controller shall, as from the date aforesaid, be deemed to be the directions of the Joint Committee and shall continue in force and have effect accordingly until the Joint Committee shall otherwise direct.

10.—(a) Where at any time before the date of this Order any Local Authority has, with the consent of the Food Controller, combined with any other Local Authority or Authorities in appointing a Committee and in assigning to such Committee the whole or parts of the districts of the Constituent Authorities, the Committee so appointed shall be deemed to be a Joint Committee appointed under this Order and shall have the same powers and perform the same duties as if they were such a Joint Committee.
